

## DAIRY BEEF 500 PROGRAMME E-NEWSLETTER - ISSUE 14

# Getting prepared for calf rearing this spring WEBINARS

The Teagasc DairyBeef 500 team, along with stakeholders and programme farmers, will host two live online webinars on preparing for calf rearing this spring on Tuesday, January 16, and Tuesday, January 30. Both webinars begin at 8pm.

## Avoiding poor winter thrive - the factors to consider

Farmers often comment in the spring, when animals are returned to grass, that they are disappointed with how their animals have performed over the winter period, with average daily gains of as low as 0 - 0.3kg/day a common theme.

## Drafting cattle on the Tipperary Dairy Calf to Beef Demonstration Farm

The main focus for the Tipperary Dairy Calf to Beef Demonstration Farm for the coming weeks, writes Chloe Millar, is the finishing of the remaining 2022-born animals and preparing for the arrival of 340 dairy-beef calves this spring

## Time to appreciate the value

# of your cattle slurry

Joining Teagasc Dairy Edge host Dr Emma-Louise Coffey on a recent episode of the weekly podcast, Dr William Burchill, FBD Lecturer in Sustainable Agriculture at UCC, said that a rethink on the way slurry is managed on some farms is required
