Outline

- Articles/Documents
- Conferences/Workshops
- Field days/Events
- Website

Articles/Documents

- Tobin, B., Foreman, S. and O'Reilly, C. (2016) **Short Rotation Forestry in Ireland - new research trials.** Forestry & Energy Review 6(1): 28–30
- Preliminary results on the properties of Eucalyptus in Ireland
- O'Reilly, C., Tobin, B. and Farrelly, N. (2014) **Can SRF play a role in renewable energy demands?** Forestry & Energy Review 4(1): 32–34

Conferences/Workshops

- Oral presentations

Life Cycle Assessment (LCA) of Greenhouse Gas Balances in Irish Short Rotation Forestry (SRF)

Mike Clancy, Dr. Ken Byrne - March, 2016.

Life Cycle Assessment of Greenhouse Gas Balances in Irish Short Rotation Forestry

Research Perspectives on the Optimal Use of Forest Biomass

University of Limerick
Wednesday 28th September 2016

Mike Clancy, Ken Byrne

*Environ 2015 & 2016

*EFI Workshop-2015

An investigation of the economic potential of Short Rotation Forestry for fibre and fuel in Ireland

Ana de Miguel Muñoz (amiguel@wit.ie),
Tom Kent, Matteo Sottocornola, Glen Murphy

*Research Perspectives on the Optimal Use of Forest Biomass-2016

- Poster presentations

*IPSAM 2016

*Research Perspectives on the Optimal Use of Forest Biomass-2016

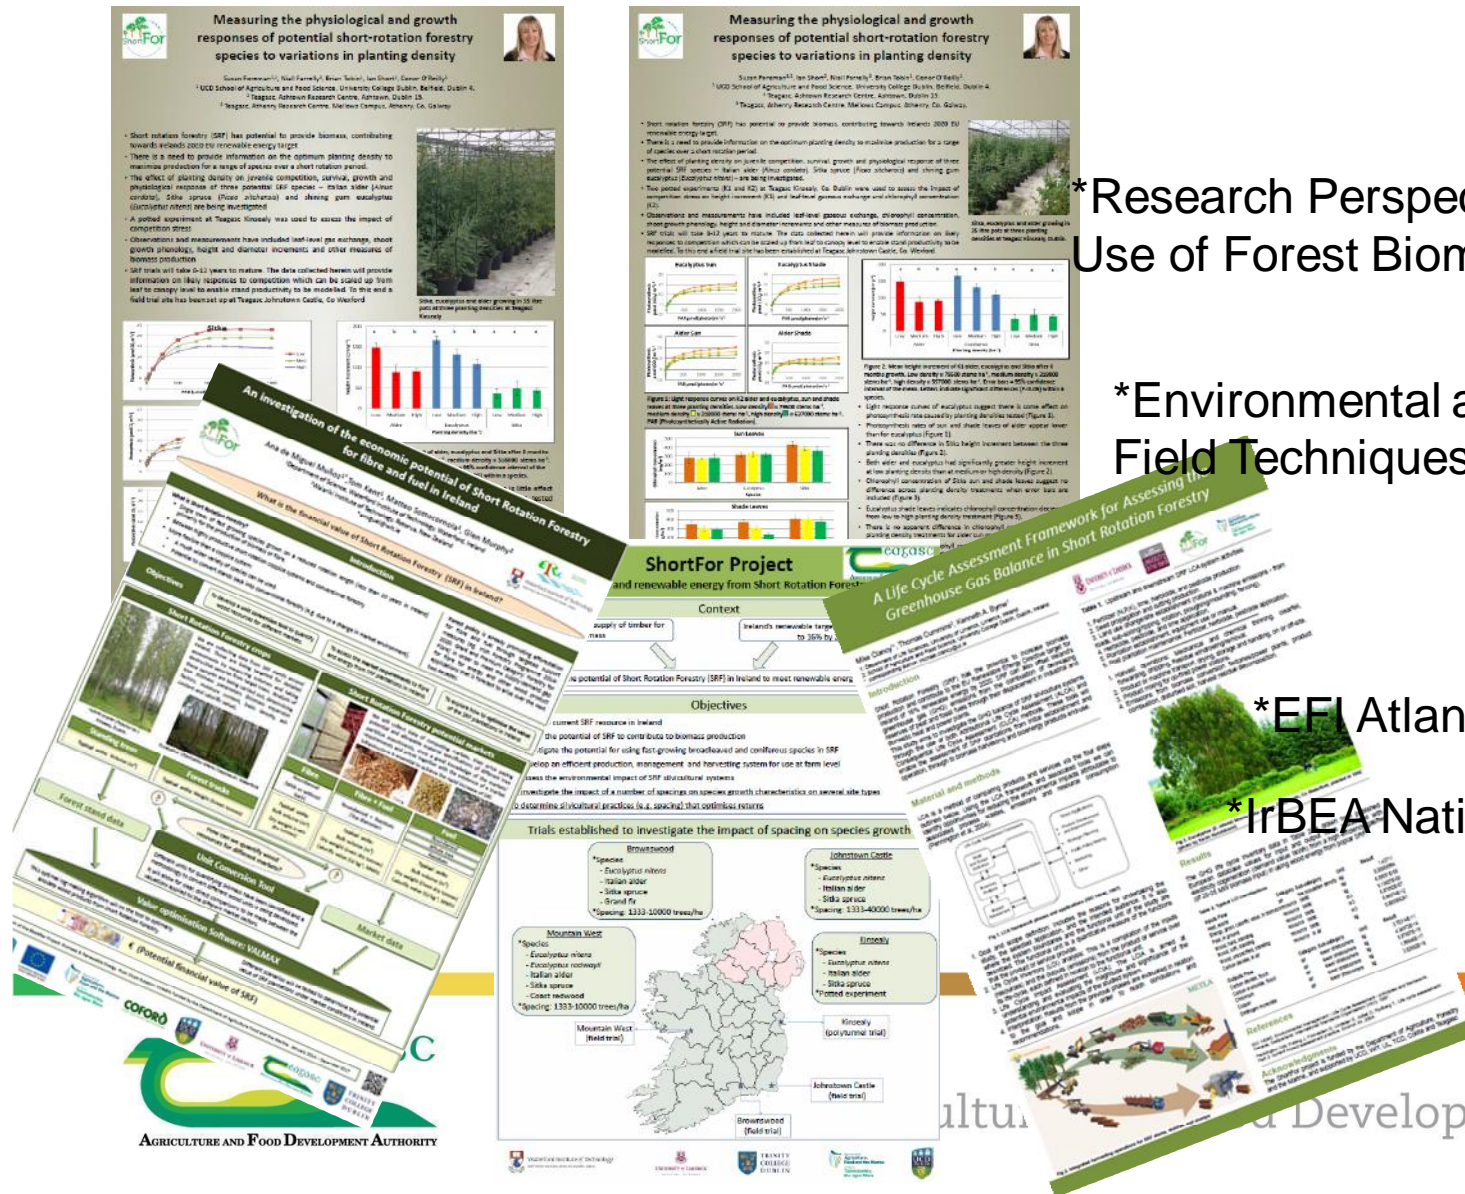

*Environmental and Ecophysiology
Field Techniques Workshop-2016

*Environ 2015

*EFL Atlantic Conference 2015

*IrBEA National Bioenergy-2015

*SSSE-2014

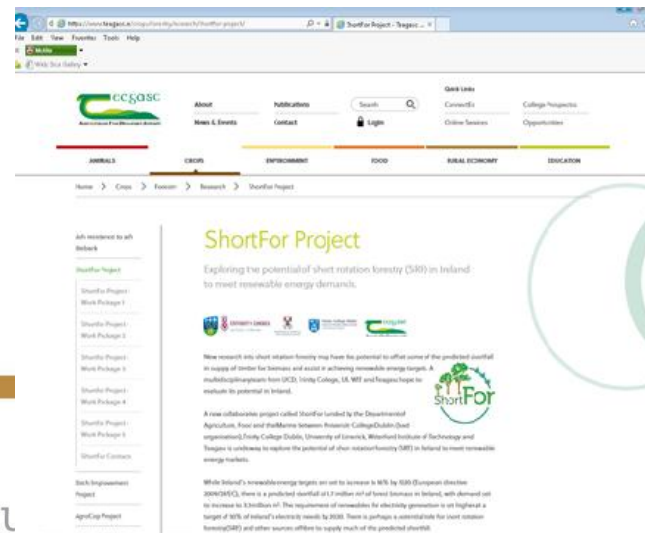

Field days/Events

- Talking hardwoods-2016
- Energy in agriculture-2016
- 1st and 2nd broadleaf thinning-2016
- Forest Service wood for fibre event-2015
- Forest Service reforestation event-2015
- Irish wood producers field day-2015
- Talking timber event-2014
- Ballyhaise forestry students day-2014

Website

- Available at <https://www.teagasc.ie/crops/forestry/research/shortfor-project/>
- Maintained and updated
- Dissemination materials submitted from project partners uploaded
- Future possibility of checking how many times webpages have been accessed

Thank you.
