

Overview

Forest Sector 2020

- Annual planting
- Forestry returns
- Timber demand/supply
- Timber prices

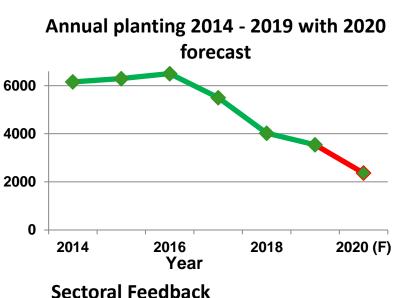

Outlook 2021

- Challenges/opportunities
- Brexit

Afforestation Levels

Hectares (ha)

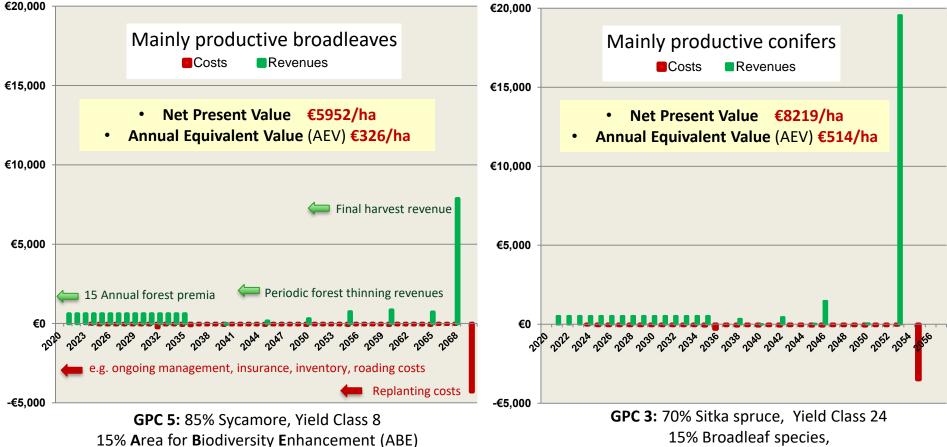

- Urgent need to dramatically increase the supply of licences for the key forestry activities in December 2020 and into 2021
- Industry is fully reliant on a continuous flow of approvals through the licencing system.
- Support to farmers and land-owners in terms of re-engaging with the forestry option as a viable and complementary land use and building confidence on the merits of planting.

DAFM Actions

- Forestry (Miscellaneous Provisions)
 Act 2020 (October 7)
- Fees introduced for forestry applications, submissions and appeals
 - Four Appeals Committees
- Dedicated Project Plan/Management Board
- Addition inspectorate/ecology staff
- Forestry portal for visible/transparent access to all applications/site details
- Appointment of Ms Jo O'Hara to advise on implementation of the MacKinnon Report
- Forest Policy Group convened

2020 Indicative Forest Returns (per ha.)

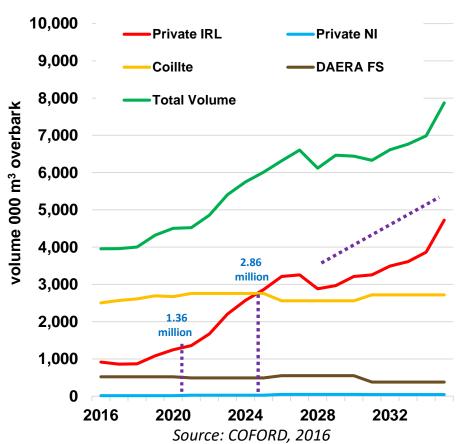

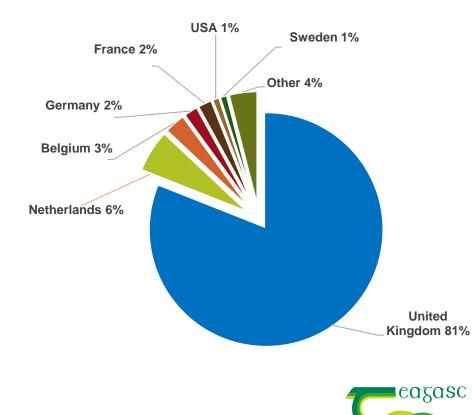

(ABE = open spaces, retained habitat, hedgerows, environmental setbacks) 15% Area for Biodiversity Enhancement (ABE)

Timber Supply

Forecast of total net realisable roundwood volume production to 2035 ('000s m³)

Top destination countries for forestry exports 2019

Brexit Issues

Requirements:

- Border controls
- Custom processes
 - Documentary identity and physical checks
 - Commodity Codes
 - Economic Operator Registration and Identification (EORI) number,
 - VAT processes
 - Due diligence requirements (EU/UK Timber Regulations)

Wood based packaging

- International phytosanitary plant health measure
- ISPM 15

Source: DAFM 2020

No Deal Scenario

- UK Global Tariffs
 - Most wood products remain duty free
 - Panel board products 6% duty

- Effect on EU/Sterling Relationship
- Supply chain disruption
- Effect on economic/construction activity

Туре	Section withinEU Trade Tariff	Coniferous e.g. Pine/ Spruce	Temperate e.g.Oak / Ash	Tropical Okoume Sapelli / Meranti
Particleboard	44 10	6%	6%	
OSB / Waferboard	44 10	6%	6%	
MDF / Fibreboard	<u>44 11</u>	6%	6%	6%
Plywood / Laminated wood	44 12	6 or 10%	6%	6 or 10%
Picture frames	44 14	0%	0%	2%
Windows	44 18	2%	2%	2%
Doors / Frames	44 18	0%	0%	2%

2021 Outlook

Licencing

 Priority is dramatic increase in the flow of licences for the key forestry activities

New planting

- · Support to farmers and landowners
- Collaborative promotion
- Direction of Forestry Programme post 2020 will become clearer

Timber mobilisation

- Building forest owner capacity
- Awareness raising/promotion of timber certification

Timber demand

- Forecast 20 21,000 housing completions in Ireland 2021
- Post Covid 19 recovery
- EU/UK-related developments likely to have significant impacts in 2021

CAP Post 2020

Positive framework to support afforestation
