A scenic view of a vineyard in a valley. In the foreground, a wooden frame with two doors, each featuring a heart-shaped cutout, stands in a grassy field. Behind it, rows of grapevines with green and yellowing leaves stretch across the landscape. In the background, a tall wooden structure with several long, thin poles radiating from a central point stands in the vineyard. A bundle of harvested grapes or hay hangs from one of the poles. The background is filled with rolling hills covered in dense forest under a clear blue sky.
